## FSA's Prevented Planting final report date extended to July 15th

Due to flood and excessive moisture conditions throughout Montana, a request was submitted to the National Farm Service Agency (FSA) Office to extend the deadline for timely reporting prevented planting to coincide with the final crop reporting deadline of July 15<sup>th</sup> for the 2011 crop year. The request was approved on June 1st. Prevented Planted acreage claims filed by July 15, 2011 will be considered as timely filed. It is important that the FSA-576 be timely filed and approved for a possible 2011 crop disaster program (SURE) or for acreage history credit. Approved preventive planted acreage may also be eligible for ACRE payments. If a request for prevented planting is filed after July 15, 2011, it is considered late filed and will require a minimum of \$46 to have an on-site inspection completed to determine that the natural disaster condition was evident. If the disaster condition that prevented the crop from being planted is no longer apparent, then the FSA-576 will be denied and no benefits will be applicable. If you have insured crops that were prevented planted then you may be required to provide proof that you filed for prevented planting credit with crop insurance. The COC may also request that you provide receipts or invoices showing you had inputs (seed, chemical, fertilizer, etc.) available to plant the acres claimed as prevented to establish your intent of planting.

### 2011 Acreage Reports due by July 15

The annual requirement of reporting to the FSA office can be referred to as crop reporting, acreage reporting, or crop certification. Acreage reports must be filed for all cropland on the farm before any 2011 DCP or ACRE payments can be made or before eligibility can be established for marketing assistance loans and LDPs. Participants in CRP and NAP must report the specific acreage for which benefits are being requested. Additionally, to be eligible for benefits under the SURE program, all crops in all counties must be reported, including non-cropland that will be hayed and/or grazed. The deadline for submitting a timely filed acreage report is July 15, 2011. Producers are reminded that filing an accurate acreage report for all crops and land uses, including failed acreage and prevented planting acreage, can prevent the loss of benefits for a variety of programs.

### FSA Disaster Assistance programs available

FSA would like to remind crop and livestock producers throughout states that have recently experienced severe damage from flooding, wildfires and tornadoes that FSA programs are available to assist with recovery. FSA administers several important programs that help producers recover from disaster damage and livestock deaths. Among the key programs available to address impacts from disasters are the Emergency Conservation Program (ECP), the Livestock Indemnity Program (LIP), Emergency Assistance for Livestock, Honeybees and Farm-Raised Fish Program (ELAP), the Noninsured Disaster Assistance Program (NAP), Supplemental Revenue Assistance Payments (SURE) Program and the Emergency Loan (EM) Program. Fact sheets for all of these programs can be found at [www.fsa.usda.gov](http://www.fsa.usda.gov); click on Newsroom, then Fact Sheets, or on the state website at [www.fsa.usda.gov/mt](http://www.fsa.usda.gov/mt), under Programs. We encourage all who have suffered a disaster due to the recent severe weather conditions to read the fact sheets and visit the local FSA county office so they get a quick start in the recovery process.

### SURE Sign-Up Continues for 2009 Crop Year, July 29 Deadline

Signup for the Supplemental Revenue Assistance Payments Program (SURE) for the 2009 Crop Year began on Jan. 10, 2011 and will end on **July 29, 2011**. To be eligible for SURE a producer must have at least a 10 percent production loss on a crop of economic significance and a policy or plan of insurance under the Federal Crop Insurance Act or the Noninsured Crop Disaster Assistance Program (NAP) for all economically significant crops. Producers considered socially disadvantaged, a beginning farmer or rancher, or a limited resource farmer may be eligible for SURE without a policy or plan of insurance or NAP coverage. Producers that have a farming interest physically located in a county that was declared a primary disaster county by the Agriculture Secretary under a Secretarial Disaster Designation or a contiguous county and meet the above criteria are eligible for SURE. All but three counties - Carter, Fallon and Powell - were designated as a primary or contiguous disaster county in 2009. In the absence of the Secretarial Disaster Designation producers may be eligible if they suffer at least a 50% production loss on the entire SURE farm due to a natural disaster. Last fiscal year, Montana FSA administered more than \$36 million in the SURE program for the 2008 crop year. For more info, contact the county office.

## Thousands of Montana FSA participants urged to submit consent forms to IRS to maintain eligibility for 2009 and future years' program benefits

Roughly 5,000 Montana agricultural producers and members of entities who participated in USDA Farm Service Agency (FSA) programs in 2009 and 2010 who have not submitted consent forms to the Internal Revenue Service (IRS) are urged to do so now or they will not receive future USDA program benefits. Producers who fail to submit the consent forms to the IRS can be required to repay full program benefits received indirectly or directly since 2009, Montana FSA Acting State Executive Director Richard "Dick" Deschamps said in a statewide news release on June 3.

The consent form authorizes IRS to calculate a payment recipient's average adjusted gross income (AGI) and provide FSA an indicator of whether the payment recipient's average AGI meets or exceeds the limitation amounts for FSA programs. Producers who participated in 2009, 2010, and/or 2011 FSA programs subject to AGI had to certify compliance with AGI rules on form CCC-926. As part of the compliance process, individuals must submit consent form CCC-927 to the IRS and legal entities must submit consent form CCC-928 to the IRS, which are available at county FSA offices and online on the state FSA website at [www.fsa.usda.gov/mt](http://www.fsa.usda.gov/mt). The form became a requirement for payment eligibility beginning with the 2009 crop year, however many program participants have not complied with this requirement. On Oct. 6, 2010, a letter was mailed to participants who certified AGI compliance who have not submitted consent forms for 2009 and 2010. The deadline to submit the forms to IRS for 2011 was June 1<sup>st</sup>, 2011.

"For 2009, 2010 and 2011, the deadline has passed, but individuals and legal entities, including members of entities, regardless of whether they received program benefits directly or indirectly, who have not submitted the form to IRS for any of these years, need to do so immediately in order to avoid a demand for refund of program payments and benefits received," Deschamps. "Even if these producers do not normally file federal income taxes, they must still submit the appropriate CCC-927 or CCC-928. If you're unsure if you have submitted the appropriate form, you can contact your local county FSA office to see if you're on the list."

FSA is aware that in some instances such as Native American participants with little federally reportable income, or individuals and entities that are members of participating entities and have little or no IRS-reportable income on their own, who may not file federal taxes and may have had their CCC-927 or CCC-928 rejected by the IRS as a result. If individuals filed CCC-927 or CCC-928 and it was rejected because of lack of income data, please contact your FSA county office and provide them with a copy of the rejected form and IRS letter. For more info, contact your FSA county office.

### 2011 COC Election Nominations

The election of agricultural producers to FSA county committee starts with the nomination of eligible candidates. To become a nominee, eligible individuals must sign nomination form FSA-669A. The form includes a statement that the nominee agrees to serve if elected. This form is available at FSA County Offices and online on the state FSA website at:

[www.fsa.usda.gov/mt](http://www.fsa.usda.gov/mt). Nomination forms for the 2011 election must be postmarked or received in the local USDA Service Center by close of business on Aug. 1, 2011. Agricultural producers who participate or cooperate in an FSA program may be nominated for candidacy for the county committee. Individuals may nominate themselves or others as a candidate. Additionally, organizations representing minority and women farmers or ranchers may nominate candidates. Nomination forms are filed for the county committee of the office that administers a producer's farm records.

### 2010 ACRE Certification Deadline Extended

The deadline for a 2010 production certification to comply with the ACRE provisions for production reports has been extended to COB Sept. 1, 2011. Because of this extension, using a register on Sept. 1, 2011, is **not** authorized. The extension is for completing both the farm benchmark yield (2005 through 2009) and the actual farm yield (2010). For more details contact the county FSA office.

### Farm Divisions/Combinations Must Be Requested By August 1

If you have sold, purchased or leased a farm or part of a farm, please notify this office immediately. If you need to request a farm division or a farm combination for 2011, the deadline to submit the request is Aug. 1, 2011 for those farms participating in DCP/ACRE. If requests are not filed timely, it may be difficult to complete 2011 contracts with all required signatures for the farm. Requests received after Aug. 1, 2011, will be processed for 2012.

### Soil or Gravel Removal and Other Land Changes - Caution

If you wish to plant an agricultural commodity on any land where any soil or gravel has been removed, please work with the local NRCS and FSA offices in advance to avoid the possibility of any non-compliance and loss of benefits. To be eligible for USDA benefits, all producers planting agricultural commodities on predominantly highly erodible fields are required to do so according to the provisions of an acceptable conservation system/plan to ensure adequate residue exists. The NRCS can assist you in developing an approved conservation system/plan, if applicable, for the farm.

### 2011 Managed Haying and Grazing of CRP

CRP participants with approved conservation plans (CPO) that include managed haying and managed grazing of CRP may begin haying and/or grazing on July 16, 2011, provided they have completed all of the necessary paperwork at the County FSA Office and have received **written approval** from the FSA County Committee or its designee before starting haying or grazing. Failure to get written approval before starting managed haying and managed grazing of CRP could result in termination of the acres that are hayed or grazed. CRP participants who do not already have the managed haying and managed grazing provisions in their CPOs should contact the county office to get an updated CPO to include the managed haying and managed grazing provisions. The Montana managed haying provisions allow managed haying 1 in 5 years and 50% of the acres must be set aside for wildlife. Producers may hay the 50% set aside in the following year. Grazing is allowed 1 in 3 years and 100% of the acres can be grazed. Producers cannot hay and graze the same acres. Producers will be assessed a 25% payment reduction for managed haying and grazing of CRP. The 2011 Summer-Fall Managed Grazing Period is July 16<sup>th</sup> through September 13<sup>th</sup>. The 2011 Managed Haying Period is July 16<sup>th</sup> through September 30<sup>th</sup>.

**Nomination Form for County FSA Committee Election:** Below is a nomination form for the 2011 County Committee Election that will be held in early November to Dec. 5, 2011. Persons nominated should actively participate in the operation of a farm or ranch and be well qualified for committee work. This year, a producer is eligible to be a County FSA committee member if the producer resides in the Local Administrative Area (LAA) # 1. This LAA is currently being represented by Bob Jones. Duties of county committee members include administering farm program activities conducted by the County FSA Office, informing farmers of the purpose and provisions of the FSA programs, keeping the State FSA Committee informed of LAA conditions, monitoring changes in farm programs, participating in county meetings as necessary and performing other duties as assigned by the State FSA Committee. Completed and signed form(s) must be delivered to the FSA County Office or postmarked no later than **Aug. 1**. Please call the Wheatland County FSA Office for further information.
